

# Lezzon

Modern LED luminaire for schools and offices

Lezzon is a modern, energy efficient LED luminaire developed specifically for schools and office environments. It is an attractive solution for a wide range of areas and

offers the ideal combination of energy efficiency and low maintenance. Lezzon gives both 65% direct and 35% indirect light, with a micro prism diffuser for the direct light and a line prismatic diffuser for the indirect light. It is available in a wide range of wattages, depending on lighting need and installation height. The housing is made of extruded aluminium to ensure good heat dissipation and a long lifetime.

Lezzon is now also available in tunable white, which makes it possible to change the colour temperature of the light from warm white to cool white. Tunable white lets you personalize the lighting to your mood or time of day, resulting in better focus and increased wellness.

- Energy efficient - up to 126 lm/W
- Easy installation
- DALI versions
- Based on Z-core technology
- 5 year guarantee
- Available in tunable white

**Z**  
core

Patent Pending

*The Z-core light engine is the platform for a family of luminaires. The core is made of extruded aluminium, which results in excellent cooling.*

**APPLICATIONS:** Offices, public areas and schools.

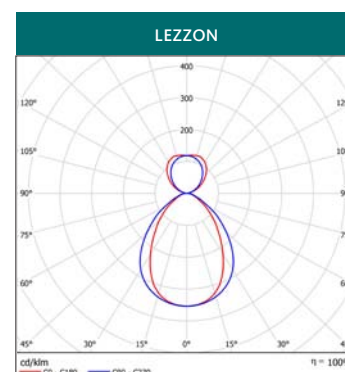

**MATERIAL:** Housing made of extruded aluminium for excellent heat dissipation. Microprismatic diffuser for the direct light and a line-prismatic diffuser for the indirect light. White RAL 9016.

#### INSTALLATION AND

**CONNECTION:** Pendant installation. Delivered with 1 m suspension wires that can be moved along the luminaire for easier installation. Delivered with 2 m white main cable with earthed plug. DALI version is supplied with 2 m 5 lead cable. The DALI version can also be dimmed by phase pulse control. Tunable White can be controlled via standard DALI DT8 control systems.

**TECHNICAL DATA:** 220-240V 50-60 Hz, IP20. SDCM 3. LED 3000K, 4000K or tunable white from 2 700K-6 500K. LED driver. Lifetime 50 000 hours (L70B10), CRI>80. Ambient temperature: -25°C – +35°C. CE.
